LOW IMPACT DEVELOPMENT (LID) CODE UPDATE PROJECT - (NO ACTION REQUIRED)

Beginning in January of 2010, staff and Planning Commission held a series of discussions about Low Impact Development (LID), which is an environmentally-friendly way to treat storm water runoff. Those discussions concluded in May, 2010. Since that time, staff have been drafting code which incorporates the LID principles and practices discussed with Planning Commission in 2010. At the January, 2011 Planning Commission meeting, staff will reintroduce the LID topic and present the "staff draft" of the proposed code to Planning Commission.

The Planning Commission will conduct a pre-meeting at 7:00 p.m. in the Council Chambers Conference Room prior to the regular meeting.

All meetings of the Planning Commission are open to the public.
