The purpose of this questionnaire is to help determine if you have any special plumbing or activities that pose an increased risk of contamination to the city of Oak Harbor water system. Please fill out the questionnaire and check the appropriate box that applies to your business or project.

Backflow prevention assemblies shall be installed at all premises where in the judgment of the City of Oak Harbor Building Division or Water Division, the nature of activities on the premise may present a hazard to the public water system. All commercial and multifamily projects are required to provide premise isolation as a minimum protection.
